I live in **Smyrna** with my wife, Renee and our Vizsla (hound) named Chance. I grew up in Marietta, attended **Marietta High School**, and graduated from **Georgia State University** receiving my master's degree in **Educational Administration** in 1977. I taught school from 1965 until 1970, teaching **History & English** and also coaching **baseball, basketball** and **football**. After teaching school, I began to travel working for a **promotional cable TV** marketing firm called Bratton Associates. Upon returning from about one year of learning the **door to door concept of marketing**, I re-entered the educational field as a **Community School Director** at JJ Daniel Middle School in northeast **Cobb County**. I began the current phase of my business life around **1981** when I decided to sell **advertising** in a **local publication** in the **Smyrna community**. I believe, and has been confirmed by the **Lord**, that my basic **purpose** is to **serve** the **Lord** in my daily life **everywhere** I go. My present business is to incorporate **Jesus' teachings** and **revelations** into my **relationships** with other **business owners** to **grow** and **nurture** our **success** with one another.
